Organised by

Department of Information
Technology

ABOUT THE COLLEGE

Er.Perumal Manimekalai College of Engineering, established in the academic year 2002 is approved by All India Council of Technical Education (AICTE), affiliated to Anna University and accredited by NAAC with 'A' Grade with NBA and Autonomous. PMC TECH creates unique opportunities, affords individualized educational challenges, promotes high order thinking skills and maintains a strong tradition of academic excellence for the students.

The College is equipped with state of the art, infrastructure, and facilities highly qualified and well experienced faculty members for grooming the student's proficiency in their subjects. On the other side an active training cell is acquainting the students with essential soft skills so that finally the placement cell successfully carries out placements every year.

ABOUT THE DEPARTMENT

The Department of Information Technology was established in the year 2007 respectively with an intake of 60 students in UG. The department is equipped with well qualified and experienced faculty members to improve and enhance the knowledge of the student community. The departments have good computing facilities with latest and updated versions of the software and 24hrs Wi-Fi enabled internet facility. The departments conduct workshops, seminars, FDPs and conferences periodically to help Students, research scholars and industries to share a common platform and thereby strengthen the Industry Institution fusion.

VISION AND MISSION OF THE DEPARTMENT

Vision Quality education in Information Technology Education to meet the globally emerging trends and challenges.

Mission
To provide technical, problem solving and design skills related to Information Technology for successful career, higher studies and research.

To provide quality infrastructure and conducive environment for Information Technology Graduates to get adapted to changing and challenging industrial and technological scenario.

To practice continuous learning in technology, ethics, entrepreneurship, leadership and communication for professional and personal development.

SCOPE OF THE CONFERENCE

In the recent years conference is being organized to highlight the advance and research findings in the field of Information Technology to the young budding scientists. NCCIS'22 will provide opportunities to the students, researchers, teachers in academic Institutions and professionals in the IT field to share their innovative ideas, to enhance their research knowledge in various domains, and also to get the study of interdisciplinary challenges.

Call for Papers (not Limited to)

1. IOT
2. Data Science
3. Computer Ethics
4. Database Systems
5. Green Computing
6. Web Semantics and Services
7. Machine Learning
8. Cloud Computing
9. Computational Intelligence

IMPORTANT DATES

Last Date for Submission: 12.04.2023

Notification of Acceptance; 15.04.2023

REGISTRATION FEES

UG/PG STUDENT : Rs 100

FACULTY/RESEARCH SCHOLARS : Rs 500

INDUSTRIES/R&D INSTITUTIONS: Rs 750

Submission Guidelines:

Participants should send their Research Papers in IEEE Format (Two Columns, Font Size in Twelve with Times New Roman Not Exceeding Six Pages)

Participants should send their papers to the respective email id

Best Papers will be published in Scopus Indexed IEEE Journals

**Er. PERUMAL MANIMEKALAI

Accredited by NAAC - 'A' Grade & NBA (B.E. - CSE | ECE | EEE | MECH & B.TECH. - IT)
Koneripalli, **HOSUR - 635 117.**

AN AUTONOMOUS INSTITUTION

DEPARTMENT OF INFORMATION TECHNOLOGY

Add on Course - National Conference on “Computing & Information Systems”

Add on Course on “National Conference on “Computing & Information Systems” was conducted on 18.04.23 & 9.30 am to 4.00 pm at PMC Tech., Hosur. This event has been organized by Department of Information Technology, PMC Tech Hosur. It has been conducted Offline mode of our UG students of Er.Perumal Manimekalai College of Engg, Hosur. **Mr.S.A. Manikandan, M.E. EMBA Candidate, Lead Product Support Engineer, Sprinklr Inc, Bangalore.** was the

resource person and delivered special lecture and hands on Training. This Add on Course can be highly effective at helping you advance a wide range of Computing & Information Systems. The National Conference on “Computing & Information Systems” serves as a pivotal platform for advancing the field of computing and information systems by uniting a diverse array of stakeholders, including academics, industry professionals, researchers, and students. The conference is designed to address contemporary challenges and innovations within the domain, focusing on cutting-edge topics such as artificial intelligence, machine learning, data security, and software engineering. Through a series of keynote addresses, technical sessions, and panel discussions, the conference highlights significant advancements and emerging trends, fostering an environment conducive to knowledge exchange and collaborative research. By featuring prominent speakers and facilitating networking opportunities, the conference not only showcases the latest research but also encourages cross-disciplinary partnerships and industry collaborations. Reflecting on the impact of past conferences, this event continues to shape the future of the field, driving forward both theoretical and practical advancements in computing and information systems. Information Technology Department/PMC Tech has arranged seminar hall for attending the programme.
