Criterion	Description
3.2.2	Number of workshops/seminars conducted on Intellectual Property Rights (IPR) and Industry-Academia Innovative practices

Sl. No	Academic Year	Title of the Program	Date and Duration (From - To)
1	<b>2018-19</b>	Workshop on Industrial need in Android Programming	16.03.2019
2		Seminar on the impacts of Cloud Computing in Industry	23.02.2019
3		Workshop on Innovative Practices Arduino with IOT	18.2.19 to 21.2.19
4		Workshop on Industrial Optimization of VLSI Circuits Using ASIC GUI	18.02.2019 to 19.02.2019
5		Technical Seminar- Innovative Ideas on Smart Grid & Cyber Security	25.01.2019
6		Workshop on Industrial Execution- Android Application Development	04.01.2019 to 05.01.2019
7		Workshop on Innovative methods of Energy Conservation using Renewable energy resources.	28.12.2018
8		Technical Seminar on Innovative Fighter Aircraft Design & Structural Testing	28.12.2018
9		Workshop on Distributed Machine Learning in AI	28.12.2018 to 29.12.2018
10		Workshop on Big Data-An Industrial Edge	29.09.2018
11		Technical Seminar on Industrial Automation PLC & SCADA	15.09.2018
12		Technical Seminar on Industry based Space Propulsion	15.09.2018
13		Workshop on Industrial Assembly and Dismantling of 2 Stroke and 4 Stroke Engines	14.09.2018 to 15.09.2018
14		Workshop on Industrial practices - Electronic System Design and Microcontrollers	12.09.2018, 14.09.2018 to 15.09.2018
15		Workshop on Industrial Assembly and Dismantling of 2 Stroke and 4 Stroke Engines	11.09.2018 to 12.09.2018
16		Workshop on Industrial needs of Python Programming	11.09.2018, 12.09.2018 & 14.09.2018
17		Workshop on Industrial Automotive Embedded System using ARM	06.09.2018 to 08.09.2018
18		Workshop on Industry UAV Modeling	16.08.2018

19	<b>2017-18</b>	Workshop on Industrial Optimization and Analysis Techniques for Physical Design of VLSI Circuits	22.03.2018 to 23.03.2018
20		Workshop on Industrial advantages related to Arduino Programming	02.01.2018 to 05.01.2018
21		Technical Seminar on Industrial Trends in Power System and Electrical Maintenance	28.12.2017
22		Workshop on Python Programming-An industrial edge	20.12.2017 to 21.12.2017
23		Technical Seminar on Industrial Trends in Electrical Engineering for Rolling Mills	07.09.2017
24		Workshop on Industrial PCB Designing and Fabrication	10.08.2017 to 11.08.2017
25		Workshop on Python Programming- A New Era in Industry	28.07.2017 to 29.07.2017
26		Workshop on Industrial and Innovative trends in Internet of Things (IoT)	26.07.2017 to 29.07.2017
27		<b>2016-17</b>	Workshop on Cement and Concrete - An Insight into a Wonderful World
28	Workshop on Innovative Construction Planning and Techniques		08.03.2017
29	Workshop on Innovative Reinforcement Detailing		07.09.2016
30	Workshop on Design of Embedded and Arduino using IOT in Industries		23.08.2016 to 26.08.2016
31	Workshop on Python & Django - An Industrial Edge		19.8.16 & 20.8.16
32	Workshop on Industrial PCB Designing and Fabrication		27.07.2016 to 30.07.2016
33	Workshop on Industry ready Hands on J2EE		14.07.2016
34	<b>2015-16</b>	Workshop on Industrial need of SCALA Programming	07.03.2016
35		Workshop on Industrial methods in Embedded System and Sensor Technology	14.09.2015 to 15.9.2015
36	<b>2014-15</b>	Workshop on Industry ready PLC & SCADA	05.01.2015 & 08.01.2015
37		Workshop on Embedded System - An Innovative Approach	16.09.2014
38		Workshop on Industry Edge Smart Grid	15.09.2014 to 16.09.2014
39		Workshop on Industry based Electronic System Design	13.09.2014
40		Workshop on PCB Design and Fabrication - An Industrial Need	30.07.2014 to 31.07.2014

**DEPARTMENT OF INFORMATION TECHNOLOGY**

**Summarized Report**

**Programme Name/Title : WORKSHOP ON INDUSTRIAL NEED IN ANDROID PROGRAMMING**

**Date /No. of Days : 16.03.2019 /01**

**Guest Name and Address : Mr. Umang Burman,**  
Trainer,  
Tech Trunk Ventures Pvt. LTD,  
Hyderabad.

**Participants : II year IT Students**

**Venue : CSE Laboratory**

**Faculty coordinator /Desig. : Mrs. Neethu Mariam Joseph, AP/IT**

**Summary**

The Department of Information Technology (IT) of Er. Perumal Manimekalai College of Engineering, organized two day workshop on Android Application Development (16.03.2019) in CSE Laboratory for II year IT students. Mr. Umang Burman, Trainer, Tech Trunk Ventures Pvt. LTD, Hyderabad handled the workshop. He handled the workshop in three sessions. The session covered the following topics:

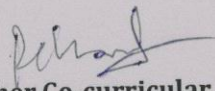

**Java Programming**

- a. Introduction to Java
- b. Introduction to Class and Object
- c. Structure of a java class
- d. Introduction to Methods with arguments and return values
- e. Introduction to Constructors
- f. Introduction to Exception Handling

**Android Application Development**

- a. What is Android
- b. Android Features
- c. Android Versions
- d. Android Architecture
- e. What is an Activity
- f. Life Cycle of an Activity
- g. Creating your first application – Hello World
- h. Creating the Life Cycle of an Android Application

He also gave hands on training to the students. He elaborated the concepts with real time examples. Students are able to create and deploy an android application in google play store. The session was very interesting and provided a valuable exposure & knowledge to students. Questionaries' session are held to clarify the student's doubts.

Summary

The Computer Science & Engineering of Er. Perumal Manimekalai College of Engineering, organized Seminar on the impacts of Cloud Computing in Industry (23.02.2019) in CSE Laboratory for III year CSE students. Mr. VASU, Free Launcher, Chennai handled the technical Seminar. Cloud Computing in Industry aims to extract knowledge from data, relying on fundamental concepts in computer science, statistics, probability and optimization. He elaborated the concept of cloud computing and the different cloud computing techniques and the services that can be availed in cloud. The session was very interesting and provided a valuable exposure & knowledge to students. Questionaries' session are held to clarify the student's doubts.

**Summarized Report**

Programme Name/Title : **Workshop on Innovative Practices in ARDUINO with IOT**

Date /No. of Days : **18.02.2019 to 21.02.2019 (Four Days)**

Guest Name and Address : **Mr.G.Jaisarathy,**  
**Embedded Project Developer,**  
**One Yes Technologies, Chennai.**

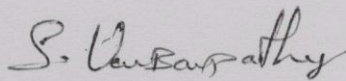

Participants : **II Year ECE Students**

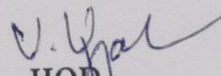

Venue : **PMC TECH Auditorium & DSP laboratory**

Faculty coordinator /Desig. : **Dr.V.Vijayakumari / Prof., ECE**

**Summary**

The four days workshop on "on Innovative Practices in ARDUINO with IOT" was conducted from 18<sup>th</sup> February 2019 to 21<sup>st</sup> February 2019 (9 am to 4.30 pm). The workshop is about ARDUINO programming with IOT. Around 85 students of ECE II year participated in this program. Dr.S.CHITRA the principal, Dr.V.Vijayakumari, Professor, Department of ECE, also II Year ECE students with 2 staff members was present for the inaugural function. We are invited resource person Mr.G.Jaisarathy, Embedded Project Developer, One Yes Technologies, Chennai. The students learned and interact with ARDUINO programmers. This workshop is very useful to develop student's programming skill.

**Summary**

The Technical talk began with an opening prayer and continued by lightening the lamp by Mrs.G.Shasikata, Assistant professor of EEE and Resource person. The function was presided over by the Resource person **Mr.G.Pandiyan**. Joint Director, HOD, Electrical Maintenance Division, Bangalore. The Technical seminar was attended by the office bearers of IEEE student branch and students of II,III,IV year EEE department. The seminar is all about importance of government, military, corporate, financial. and medical organizations collect, process. and store unprecedented amounts of data on computers and other devices. A significant portion of that data can be sensitive information, whether that is intellectual property, unsocial data, personal information, or other types of data for which unauthorized access or exposure could have negative consequences. An organisation transmit sensitive data across networks and to other devices in the count of doing businesses, and cyber security describes the discipline dedicated to protecting that information and the systems used to process or store it. As the volume and sophistication of cyber mucks grow, companies and organizations, especially those that are tasked with safeguarding information relating to national security. health, or financial records, need to take step, to protect their sensitive business and personnel information

Ms. R. Mahimajith, Final year student welcomed the Resource person. Ms. A.Archana, Final year student introduced the Resource person .The vote of thanks *has* been delivered by Mr,D.Vinothkuniar, Final year student.

**Participants** : II year Students

**Venue** : CSE Laboratory

**Faculty coordinator /Desig.** : Mrs. P. Anlet Pamila Suhi, AP/CSE

**Summary**

The Computer Science & Engineering of Er. Perumal Manimekalai College of Engineering, organized two day workshop on Industrial Execution-Android Application Development (4.1.2019 & 5.1.19) in CSE Laboratory for II year CSE students. Mr. Umang Burman, Trainer, Tech Trunk Ventures Pvt. LTD, Hyderabad handled the workshop. He handled the workshop in three sessions. The session covered the following topics:

**Java Programming**

- a. Introduction to Java
- b. Introduction to Class and Object
- c. Structure of a java class
- d. Introduction to Methods with arguments and return values
- e. Introduction to Constructors
- f. Introduction to Exception Handling

**Android Application Development**

- a. What is Android
- b. Android Features
- c. Android Versions
- d. Android Architecture
- e. What is an Activity
- f. Life Cycle of an Activity
- g. Creating your first application -- Hello World
- h. Creating the Life Cycle of an Android Application

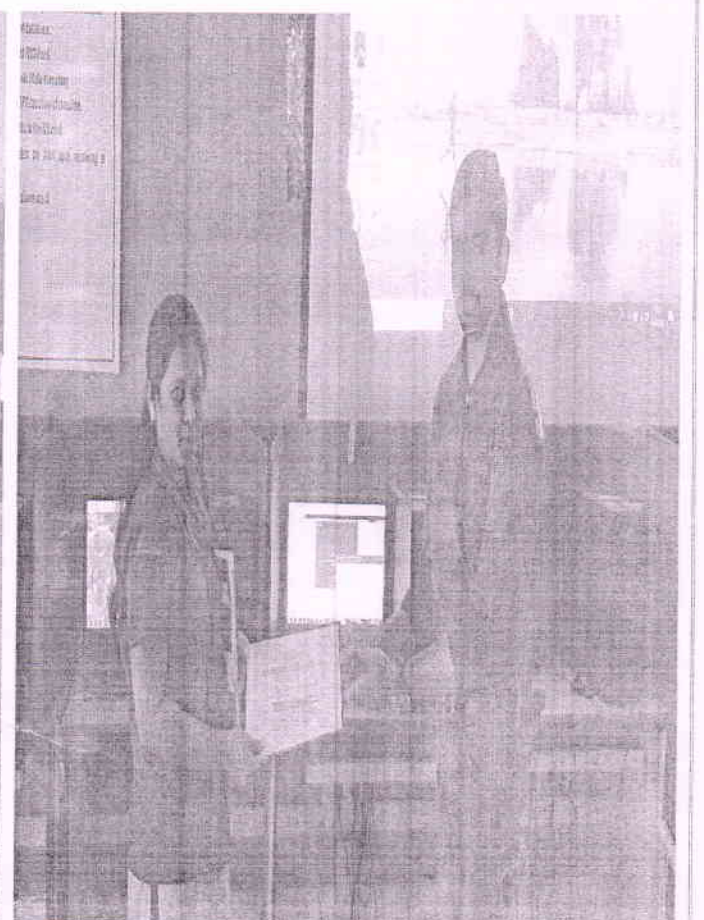

He also gave hands on training to the students. He elaborated the concepts with real time examples. Students are able to create and deploy an android application in google play store. The session was very interesting and provided a valuable exposure & knowledge to students. Questionaries' session are held to clarify the student's doubts.

Workshop Feedback

Department : COMPUTER SCIENCE & ENGINEERING  
 Title : Workshop on Industrial Execution- Android Application Development  
 Resource Person : Mr. Umang Burman  
 Year/Sem : II/04 Academic Year:2018-2019  
 Date :4.1.19 & 5.1.19 Batch :2017-2021  
 Faculty Coordinator : Mrs. P. ANLET PAMILA SUHI Venue:CSE Laboratory

S.N	Workshop & Experience	Ratings pu✓ ) Marks				
		Strongly Agree	Agree	Good	Satis factory	Needs Improvement
		5	4	3	2	1
1	I was well informed about the objectives of the workshop.	✓				
2	Expert do the effective job of sharing the knowledge.		✓			
3	It was helpful to improve my Technical skills.	✓				
4	The content is relevant to my career.		✓			
5	Sufficient opportunity was provided for practicing and feedbacks.	✓				
6	Topic and Time allotted was appropriate	✓				
7	Venue and Audio visuals were efficient.			✓		

8 What did you find most useful in the Workshop?

To develop android apps in efficient way

9 What did you find least useful in the Workshop?

Everything was useful

10 Suggestion for improvements.

Need more module classes

X. Madan.

Summarized Report

Programme Name/Title : WORKSHOP ON DISTRIBUTED MACHINE LEARNING IN AI  
Date /No. of Days : 28.12.2018 & 29.12.2018/02  
Guest Name and Address : Mr.V.Sasikumar, Data Engineer, Neurai Pvt Ltd.,Bangalore.  
Participants : III year Students  
Venue : CSE Laboratory  
Faculty coordinator /Desig : Mrs. N. SHUNMUGA KARPAGAM/AP,CSE

Summary

The Computer Science & Engineering of Er. Perumal Manimekalai College of Engineering, organized two days workshop on Distributed Machine Learning (28.12.18 & 29.12.18) in CSE Laboratory for III year CSE students. Mr.V.Sasikumar, Data Engineer, Neurai Pvt Ltd.,Bangalore handled the workshop. Machine learning aims to extract knowledge from data, relying on fundamental concepts in computer science, statistics, probability and optimization. Learning algorithms enable a wide range of applications, from everyday tasks such as product recommendations and spam filtering to bleeding edge applications like self-driving cars and personalized medicine. In the age of 'big data', with datasets rapidly growing in size and complexity and cloud computing becoming more pervasive, machine learning techniques are fast becoming a core component of large-scale data processing pipelines.

This statistics and data analysis workshop introduces the underlying statistical and algorithmic principles required to develop scalable real-world machine learning pipelines. We present an integrated view of data processing by highlighting the various components of these pipelines, including exploratory data analysis, feature extraction, supervised learning, and model evaluation. You will gain hands-on experience applying these principles using Spark, a cluster computing system well-suited for large-scale machine learning tasks, and its packages spark.ml and spark.mllib. You will implement distributed algorithms for fundamental statistical models (linear regression, logistic regression, principal component analysis) while tackling key problems from domains such as online advertising and cognitive neuroscience.

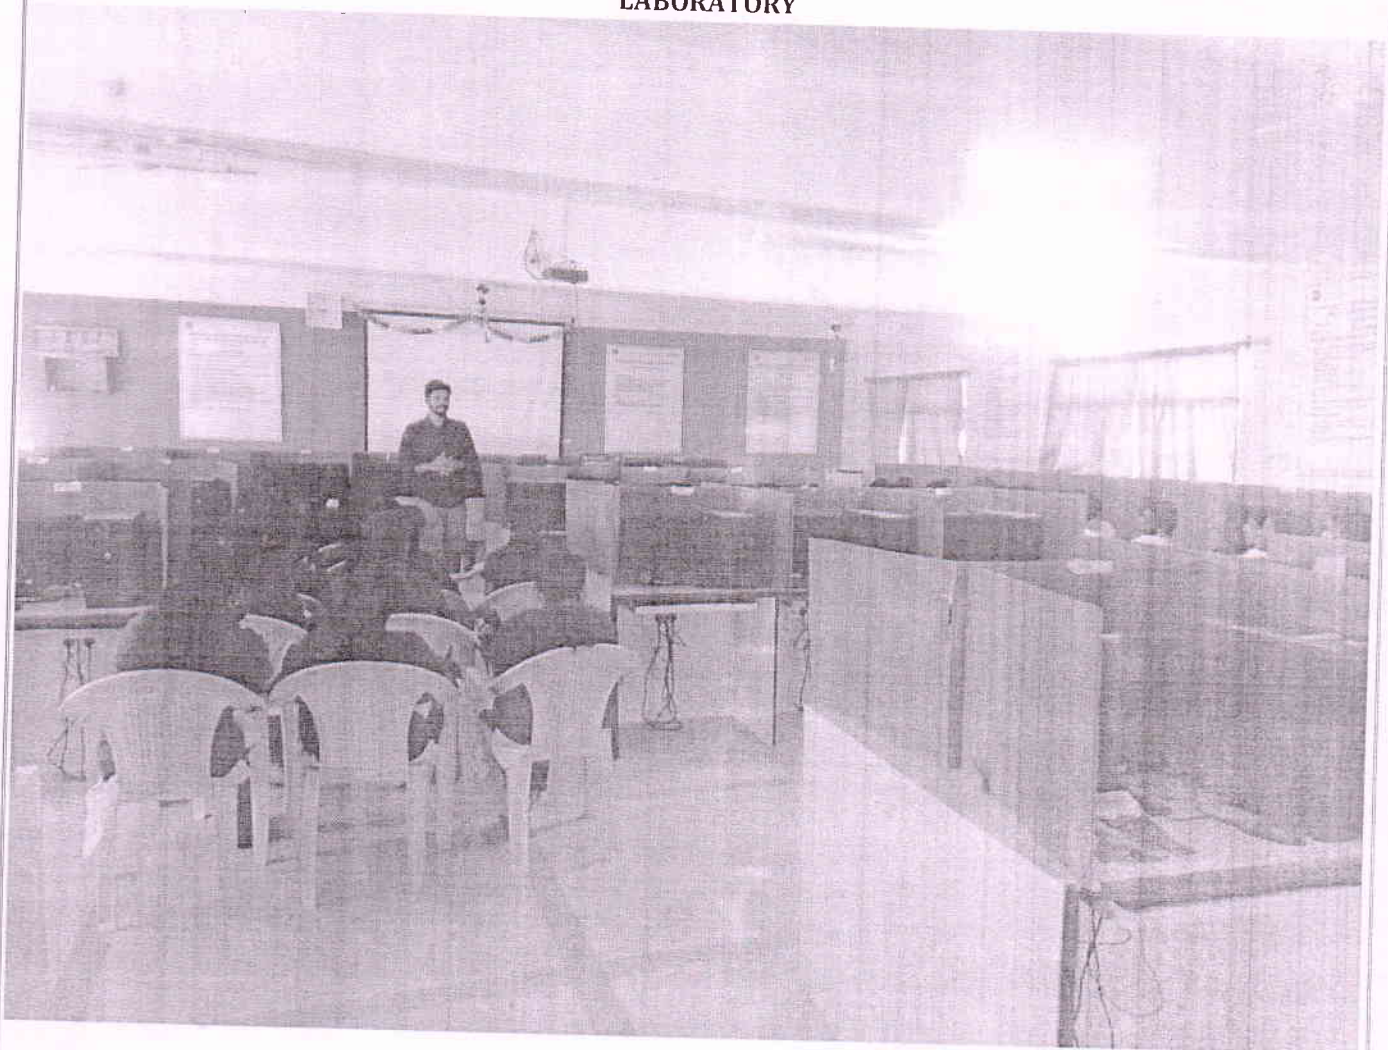

He also gave hands on training to the students. He elaborated the data analysis, feature extraction, supervised learning, and model evaluation Application of these principles using Spark . The session was very interesting and provided a valuable exposure & knowledge to students. Questionaries' session are held to clarify the student's doubts.

## Workshop on Distributed Machine Learning

### DEPARTMENT OF CSE

Year/Sem: III CSE /06

Academic Year: 2018-2019

#### Content:

Machine learning aims to extract knowledge from data, relying on fundamental concepts in computer science, statistics, probability and optimization. Learning algorithms enable a wide range of applications, from everyday tasks such as product recommendations and spam filtering to bleeding edge applications like self-driving cars and personalized medicine. In the age of 'big data', with datasets rapidly growing in size and complexity and cloud computing becoming more pervasive, machine learning techniques are fast becoming a core component of large-scale data processing pipelines.

This statistics and data analysis workshop introduces the underlying statistical and algorithmic principles required to develop scalable real-world machine learning pipelines. We present an integrated view of data processing by highlighting the various components of these pipelines, including exploratory data analysis, feature extraction, supervised learning, and model evaluation. You will gain hands-on experience applying these principles using Spark, a cluster computing system well-suited for large-scale machine learning tasks, and its packages spark.ml and spark.mllib. You will implement distributed algorithms for fundamental statistical models (linear regression, logistic regression, principal component analysis) while tackling key problems from domains such as online advertising and cognitive neuroscience.

#### What you'll learn:

- The underlying statistical and algorithmic principles required to develop scalable real-world machine learning pipelines.
- Exploratory data analysis, feature extraction, supervised learning, and model evaluation Application of these principles using Spark
- How to implement distributed algorithms for fundamental statistical models

#### Day - 1: Getting Started with Apache Spark

**Session 1:** Introduction to distributed machine learning, big data processing frameworks.

**Session 2:** Introduction to Scala and Apache Spark.

**Session 3:** Spark RDD Transformations and Actions.

**Session 4:** Hands on with Spark SQL and Spark Core.

#### Day - 2: Machine learning implementations using Spark MLlib

**Session 1:** Machine Learning models such as, Geometric models, probabilistic models, tree model and predictive models.

**Session 2 :** Mathematics of machine learning models. Probability, Statistics, and Optimization

**Session 3 :** Introduction to Spark MLlib.

**Session 4 :** Hands on with Spark MLlib.

**Summary**

The Computer Science & Engineering of Er. Perumal Manimekalai College of Engineering, organized one day workshop on Big Data (29.9.2018) in CSE Laboratory for IV year CSE students. Dr. T. Senthil Kumar, Associate professor, Computer Science and Engineering Department, Amrita School of Engineering, Coimbatore handled the workshop. He handled the workshop in three sessions. The session covered the following topics:

1. Challenges in Big Data
2. Big Data in Health Care
3. Creating and Deploying Models with Machine learning algorithms using R Tool

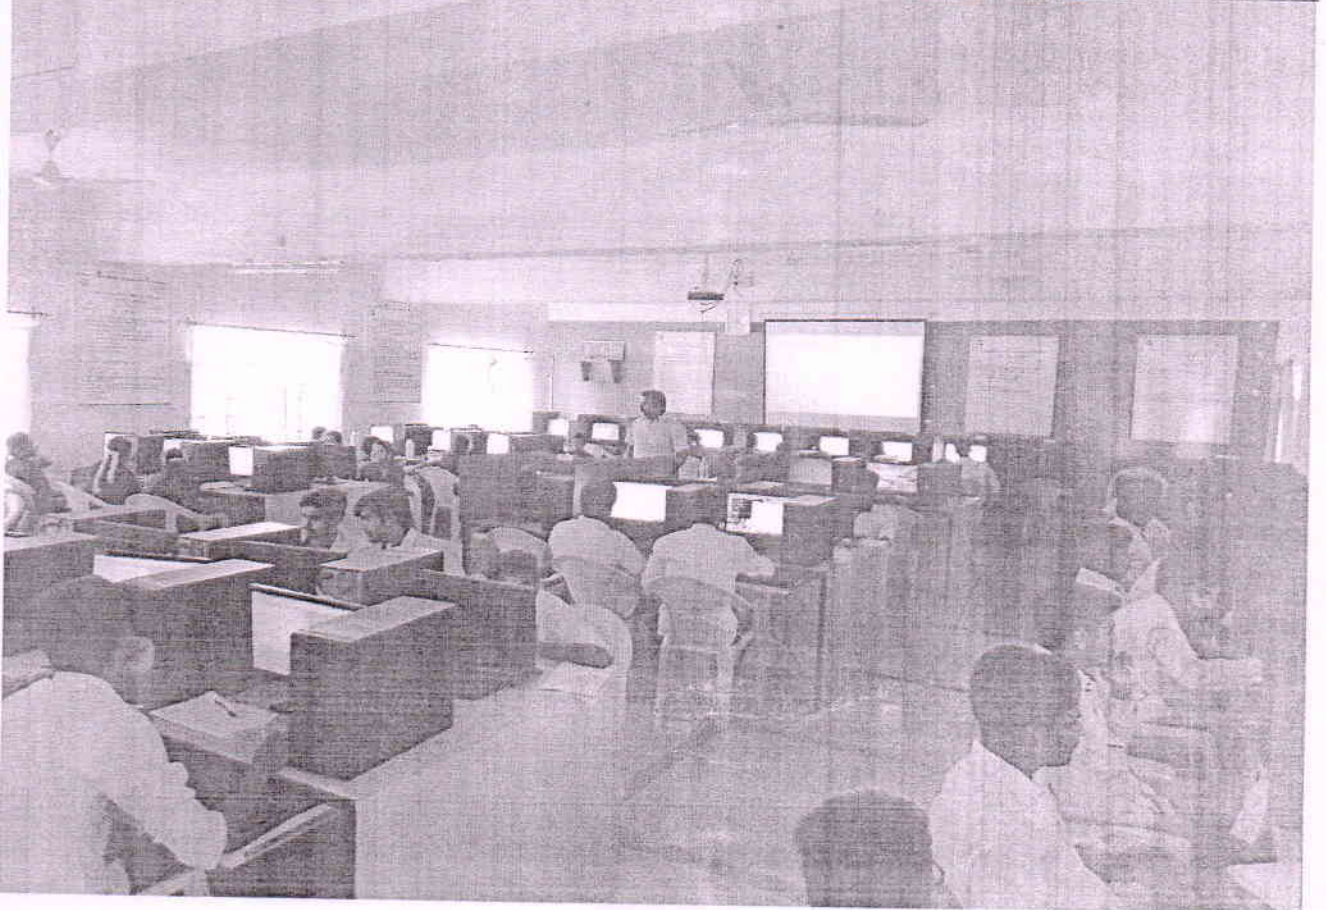

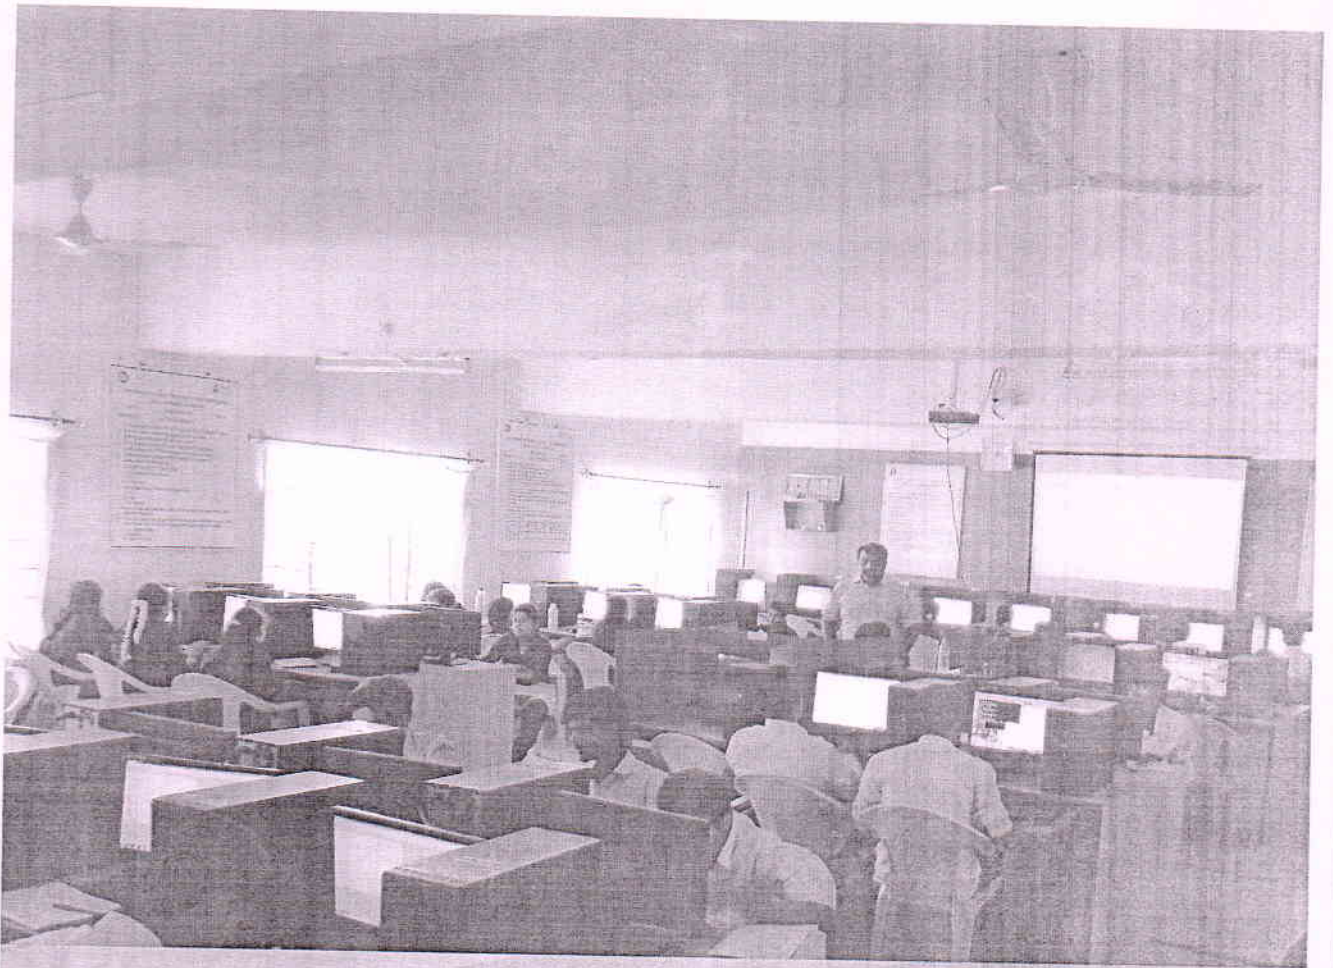

He also gave hands on training to the students. He elaborated the Big Data concepts with real time examples. Students are able to create and deploy models with machine learning algorithm using R Tool. The session was very interesting and provided a valuable exposure & knowledge to students. Questionaries' session are held to clarify the student's doubts.

**Workshop on Big Data-Feedback**

Department : COMPUTER SCIENCE & ENGINEERING

Resource Person : Dr. T. Senthil Kumar

Title : WORKSHOP ON BIG DATA - AN INDUSTRIAL EDGE

Year/Sem : IV/07

Academic Year:2018-2019

Date :29.9.2018

Batch :2015-2019

S.No	Workshop & Experience	Ratings put ( ) Marks				
		Strongly Agree	Agree	Good	Satisfactory	Needs Improvement
		5	4	3	2	1
1	I was well informed about the objectives of the workshop.			✓		
2	Expert do the effective job of sharing the knowledge.	✓				
3	It was helpful to improve my Technical skills.		✓			
4	The content is relevant to my career.			✓		
5	Sufficient opportunity was provided for practicing and feedbacks.		✓			
6	Topic and Time allotted was appropriate		✓			
7	Venue and Audio visuals were efficient.	✓				

8 What did you find most useful in the Workshop?

It was useful like we learnt the tools and the languages that was new <sup>to us</sup> and more interesting.

9 What did you find least useful in the Workshop?

More programs should have been practised in the session.

10 Suggestion for improvements.

We want more programs like this to gain the knowledge.

### Summarized Report

- Programme Name/Title : **Workshop on "Industrial Practices - Electronic System design and Microcontrollers"**
- Date /No. of Days : **12.09.2018, 14.09.2018 & 15.09.2018 (Three Days)**
- Guest Name and Address : **Mr.M.E.Rajamanikam,  
Bits 'N' Watts Embedded Solution,  
Chennai.**
- Participants : **II Year ECE Students**
- Venue : **PMC TECH Auditorium & DSP laboratory**
- Convenor : **Dr.V.Vijayakumari / Prof., ECE**

### Summary

The three days workshop on "Industrial Practices - Electronic System design and Microcontrollers" was conducted from 12<sup>th</sup>, 14<sup>th</sup> & 15<sup>th</sup> September 2018 (9 am to 4.30 pm). The workshop is about Electronic System design and Microcontrollers. Students of ECE II year participated in this program. Dr.S.CHITRA the principal, Dr.V.Vijayakumari the Professor, department of ECE, II Year ECE students with staff members were present for the inaugural function. We are invited resource person Mr.M.E.Rajamanikam, Bits 'N' Watts Embedded Solution, Chennai. The students learned and interact with Electronic System designers. This workshop is very useful to develop student's programming skill.

5	Sufficient opportunity was provided for practicing and feedbacks.	3.7
6	Topic and Time allotted was appropriate	4
7	Venue and Audio visuals were efficient.	4.2

8 What did you find most useful in the Workshop?

Component and hardware explained well

9 What did you find least useful in the Workshop?

Need more theory classes.

10 Suggestion for improvements.

Requirement of more hardware explanation

**Summarized Report**

Programme Name/Title : **Workshop on "Workshop on Industrial needs of Python Programming"**

Date /No. of Days : **11.09.2018, 12.09.2018 & 14.09.2018 (Three Days)**

Guest Name and Address : **Mr. R. Ravikumar Reddy,**  
**SANARYS, Bangalore.**

Participants : **III Year ECE Students (68)**

Venue : **PMC TECH Auditorium & VLSI Design laboratory**

Faculty coordinator /Desig. : **Dr.V.Vijayakumari / prof., ECE**

**Summary**

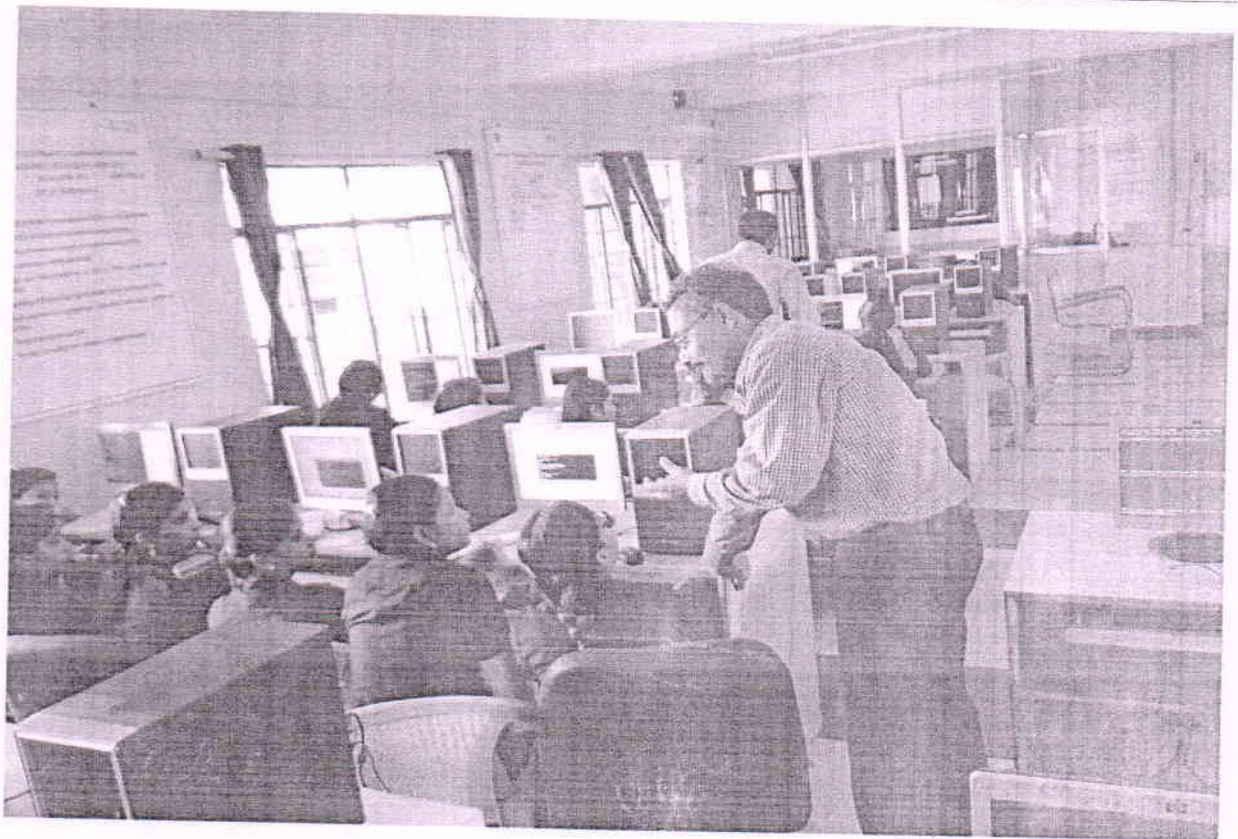

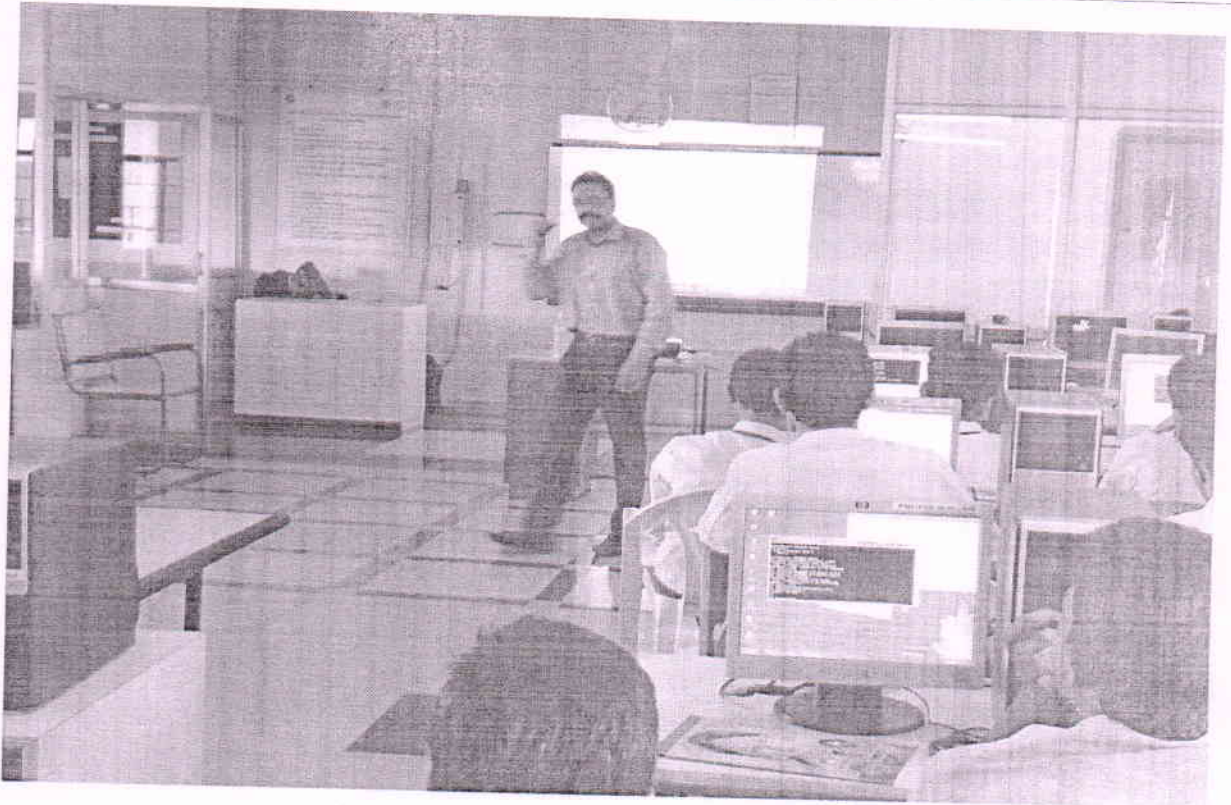

The three day workshop on "industrial needs of Python Programming" was conducted from 11<sup>th</sup> September 2018 to 14<sup>th</sup> September 2018 (9 am to 4.30 pm). The workshop is about the industrial needs of Python Programming. Around 68 students of ECE III year participated in this program. Dr.S.CHITRA the principal, III Year ECE students with 4 staff members were present for the inaugural function. We are invited resource person Mr. R. Ravikumar Reddy, SANARYS, Bangalore. The students learned and interact with Python Programmers. This workshop is very useful to develop student's programming skill.

**Summary**

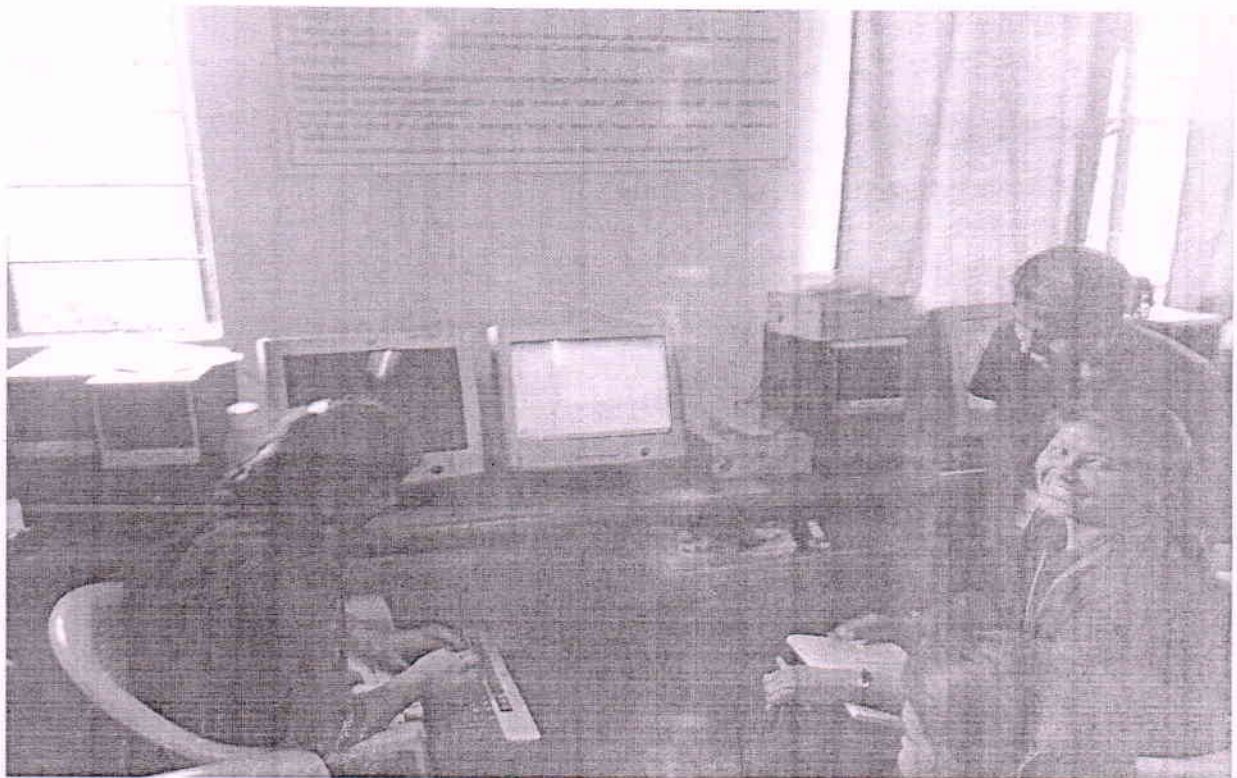

The three day workshop on "Industrial Automotive Embedded systems using ARM" was conducted from 06<sup>th</sup> September 2018 to 08<sup>th</sup> September 2018 (9 am to 4.30 pm). The workshop is about ARM programming and automation. Around 74 students of ECE IV year participated in this program. Dr.S.CHITRA the principal, Dr.V.Vijayakumari, professor department of ECE, IV Year ECE students with staff members were present for the inaugural function. We invited resource person Mr.G.Jaisarathy, Embedded Project Developer, One Yes Technologies, Chennai. The students learned and interact with ARM programmers. This workshop is very useful to develop student's programming skill.

Programme Name/Title : **Workshop on "INDUSTRIAL OPTIMIZATION AND ANALYSIS TECHNIQUES FOR PHYSICAL DESIGN OF VLSI CIRCUITS"**

Date /No. of Days : **22.03.2018, & 23.03.2018 (Two Days)**

Guest Name and Address : **Mr.R. Ravikumar reddy,  
Sanarys, Bangalore.**

Participants : **III Year ECE Students**

Venue : **PMC TECH Auditorium & VLSI laboratory**

Faculty coordinator /Desig. : **Ms. S. Vidhya/ AP, ECE**

**Summary**

The two days workshop on "Workshop on INDUSTRIAL OPTIMIZATION AND ANALYSIS TECHNIQUES FOR PHYSICAL DESIGN OF VLSI CIRCUITS" was conducted from 22.03.2018 to 23.03.2018 (9 am to 4.30 pm). The workshop is about VLSI Circuits. Students of ECE III year participated in this program. Dr.S.CHITRA the principal, Mr. P. Mani the Asst.,Prof., department of ECE, III Year ECE students with staff members were present for the inaugural function. We are invited resource person Mr.M.E.Ravikumar Reddy, Sanarys Pvt. Ltd., Bangalore. The students learned and interact with the resource person. This workshop is very useful to develop student's programming skill.

### Summary

The four days workshop on "Workshop on Industrial Advantages related to Arduino Programming" was conducted from 02.01.2018 to 05.01.2018 (9 am to 4.30 pm). The workshop is about Industrial Advantages related to Arduino Programming. Students of EEE IV year participated in this program. Dr.S.CHITRA the principal, Mrs.G.Shasikala, Assistant professor of EEE also IV Year ECE students with staff members was present for the inaugural function. We are invited resource person Mr.G.Pandiyam, Mr.G.PANDIYAN, Joint Director, HOD, Electrical Maintenance Division, Central Power Research Institute, Bangalore. The students learned and interact with ARDUINO programmers. This workshop is very useful to develop student's programming skill.

Workshop on Industrial advantages related to Arduino Programming

Department : EEE

Year/Sem : IV /08

Academic Year: 2017-2018

Date :02.01.2018 to 05.01.2018

S. N o	Workshop & Experience	Ratings put (✓) Marks				
		Strongly Agree	Agree	Good	Satisfactory	Needs Improvement
		5	4	3	2	1
1	I was well informed about the objectives of the workshop/Seminar.	✓				
	Expert do the effective job of sharing the knowledge.		✓			
3	It was helpful to improve my Technical skills.		✓			
4	The content is relevant to my career.	✓				
5	Sufficient opportunity was provided for practicing and feedbacks.	✓				
6	Topic and Time allotted was appropriate		✓			
7	Venue and Audio visuals were efficient.	✓				

8 What did you find most useful in the Workshop?

Learnt <sup>more</sup> about Arduino. It is very useful for us.

9 What did you find least useful in the Workshop?

Time consumption but it is some more different.

10 Suggestion for improvements.

### Summarized Report

Programme Name/Title : **Technical seminar on industrial trends in power System and Electrical Maintenance**

Date /No. of Days : **28.12.2017 /01**

Guest Name and Address : **Mr.G.PANDIYAN,  
Joint Director, HOD,  
Electrical Maintenance Division,  
Central Power Research Institute,  
Bangalore**

Participants : **II Year EEE Students**

Venue : **PMC Tech Main Auditorium**

Faculty coordinator /Desig. : **Mrs. L. Maheswari /AP, EEE**

### Summary

The Technical talk began with an opening prayer and continued by lightening the lamp by Mrs.G.Shasikata, Assistant professor of EEE and Resource person. The function was presided over by the Resource person Mr.G.PANDIYAN, Joint Director, HOD, Electrical Maintenance Division, Central Power Research Institute, Bangalore. The Technical seminar was attended by the office bearers of IEEE student branch and students II year EEE department. The seminar is all about importance of government, military, corporate, financial and medical organizations collect, process and store unprecedented amounts of data on computers and other devices. A significant portion of that data can be sensitive information, whether that is intellectual property, unsocial data, personal information, or other types of data for which unauthorized access or exposure could have negative consequences. An organization transmit sensitive data across networks and to other devices in the count of doing businesses, and cyber security describes the discipline dedicated to protecting that information and the systems used to process or store it. As the volume and sophistication of cyber mucks grow, companies and organizations, especially those that are tasked with safeguarding information relating to national security. health, or financial records, need to take step, to protect their sensitive business and personnel information

Ms. P.Anushiya, Second year student welcomed the Resource person. Ms. R.Pavithra, Second year student introduced the Resource person .The vote of thanks *has* been delivered by Mr. S.Vijay, Second year student.

**Summary**

The Computer Science & Engineering of Er. Perumal Manimekalai College of Engineering, organized two days Workshop on Python Programming-An industrial edge (20.12.17 & 21.12.17) in CSE Laboratory for III year CSE students. Mr.V.Sasikumar, Data Engineer, Neurai Pvt Ltd.,Bangalore handled the workshop. Python programming aims to extract knowledge from data, relying on fundamental concepts in computer science, statistics, probability and optimization. Learning new concepts that was booming the IT industry enhanced the knowledge of the students that will be helpful for them in the near future. He also gave hands on training to the students. He elaborated the basic concepts of python programming. The session was very interesting and provided a valuable exposure & knowledge to students. Questionaries' session are held to clarify the student's doubts.

Programme Name/Title : **Technical Seminar on Industrial trends in Electrical Engineering for Rolling Mills**

Date /No. of Days : **17.09.2017 /01**

Guest Name and Address : **Mr. S. Saravanan,  
Assistant Manager,  
HRM Steel Power Plant,  
Salem**

Participants : **IV Year EEE Students**

Venue : **PMC Tech Main Auditorium**

Faculty coordinator /Desig. : **Mrs. L. Maheswari /AP, EEE**

**Summary**

The Technical talk began with an opening prayer and continued by lightening the lamp by Mrs.G.Shasikata, Assistant professor of EEE and Resource person. The function was presided over by the Resource person **Mr. S. Saravanan**. Assistant Manager, HRM Steel Power Plant, Salem. The Technical seminar was attended by the office bearers of IEEE student branch and students IV year EEE department. The seminar is all about importance of government, military, corporate, financial. and medical organizations collect, process. and store unprecedented amounts of data on computers and other devices. A significant portion of that data can be sensitive information, whether that is intellectual property, unsocial data, personal information, or other types of data for which unauthorized access or exposure could have negative consequences. An organization transmit sensitive data across networks and to other devices in the count of doing businesses, and cyber security describes the discipline dedicated to protecting that information and the systems used to process or store it. As the volume and sophistication of cyber mucks grow, companies and organizations, especially those that are tasked with safeguarding information relating to national security. health, or financial records, need to take step, to protect their sensitive business and personnel information

Mr.P.Girish, Final year student welcomed the Resource person. Mr. K.Prakash, Final year student introduced the Resource person .The vote of thanks *has* been delivered by Ms. P.Lavanya, Final year student.

Programme Name/Title : **Workshop on Industrial PCB Designing and Fabrication**

Date /No. of Days : **10.08.2017 to 11.08.2017 (Two Days)**

Guest Name and Address : **Mr.R.Rajasekar,  
Project Manager,  
Rana Power Solutions,  
Bangalore**

Participants : **II Year ECE Students**

Venue : **PMC TECH Auditorium & VLSI Design laboratory**

Faculty coordinator /Desig. : **Ms.Shilpa / AP, ECE**

### Summary

The Two days workshop on “Workshop on Industrial PCB Designing and Fabrication” was conducted from 10.08.2017 to 11.08.2017 (9 am to 4.30 pm). Students of ECE III year participated in this program. Dr.S.CHITRA the principal, Mr.P. Mani Assistant Professor, Department of ECE, also II Year ECE students with staff members were present for the inaugural function. We are invited resource person Mr.Rajasekar, Project Manager, Rana Power Solutions, Bangalore. The students learned and interact with Resource Person. This workshop is very useful to develop student’s programming skill.

**Summary**

The Convener Mr.P.Mani delivering the welcome address to the conference participant, Chief Guest, Students and faculty. He shares about why this conference and it's important. Everyday technology boomed that's why we need to update the knowledge. So that this type of program was organized in our esteemed organization. I hope this program to create a new idea and relationship between various college students. Once again I warm welcome to everyone. All the best for students. The organizing chair committee Dr.S.Chitra, Principal, PMC Tech, she delivering the facilitation address as follows, "The function of education is to teach, one to think creatively and to think critically, intelligence plus character that is the goal of true education" Education functions as an instrument which is used to facilitate integration of the younger generation into the logic of the present system and to bring many extra ordinary things to occur innovatively which is beneficial to the human society. This workshop on "PYTHON Programming" platform to the enrich knowledge on basics of PYTHON Programming effectively. Hard work, sincerity and dedication will lead to success... Congratulations to all the students of ECE department for the miraculous triumph

### Summary

The four days workshop on "Workshop on Industrial and Innovative trends in Internet of Things (IOT)" was conducted from 26.07.2017 to 29.07.2017 (9 am to 4.30 pm). The workshop is about Industrial and Innovative trends in Internet of Things (IOT) . Students of ECE III year participated in this program. Dr.S.CHITRA the principal along with staff members of ECE Department were present for the inaugural function. We are invited resource person Mr.M.E Rajamanikam, Bits 'N' Watts Embedded Solutions Chennai. The students learned and interact with the resource person. This workshop is very useful to develop student's programming skill.

### Summarized Report

Programme Name/Title : **Cement & Concrete - An insight into a wonderful world**

Date /No. of Days : **07.04.2017 to 08.07.2017 (Two Days)**

Guest Name and Address : **Mr. Vasudev Murthy,  
Managing Director,  
Tools Academy for Excellence, Bangalore.**

Participants : **II Year Civil Students**

### Summary

The Convener delivering the welcome address to the workshop participant, Chief Guest, Students and faculty. He shares about why this workshop and it's important. Everyday technology boomed that's why we need to update the knowledge. So that this type of program was organized in our esteemed organization. I hope this program to create a new idea and relationship between various college students. Once again I warm welcome to everyone. All the best for students.

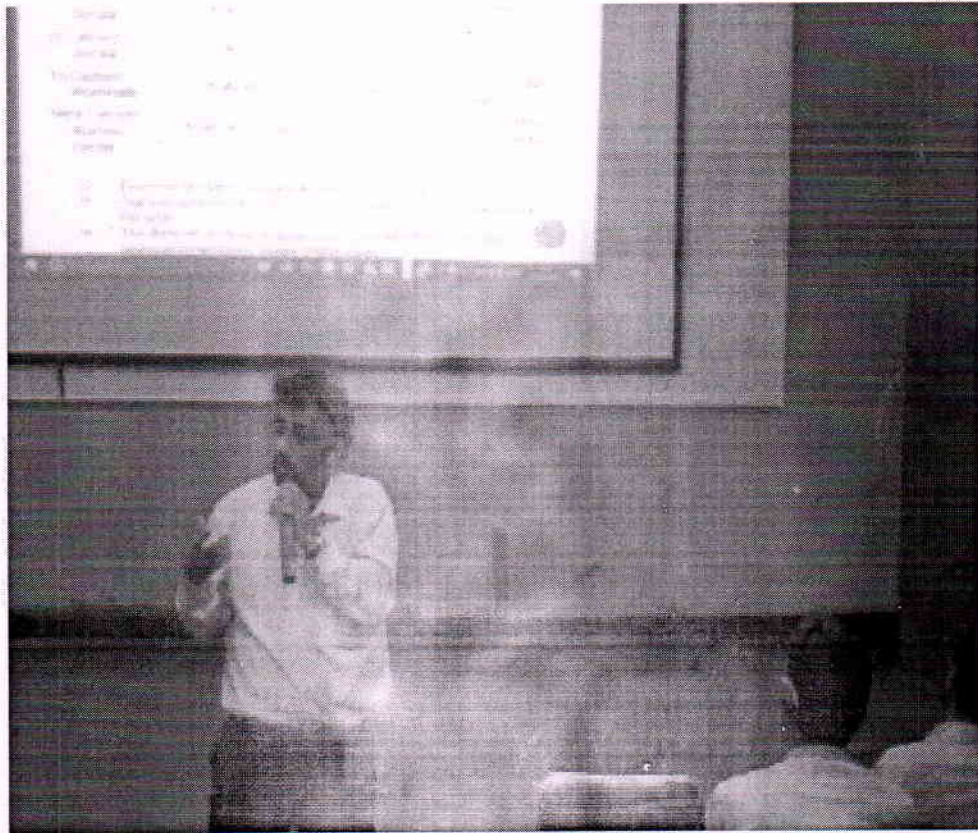

The organizing chair committee Dr.S.Chithra, Principal, PMC Tech, she delivering the facilitation address as follows, "The function of education is to teach, one to think creatively and to think critically, intelligence plus character that is the goal of true education" Education functions as an instrument which is used to facilitate integration of the younger generation into the logic of the present system and to bring many extra ordinary things to occur innovatively which is beneficial to the human society. This Workshop will help our students to know the practical applications of cement & concrete. This will be very much useful to the students after completing their degree. All the best.

**Summary**

Mr. G. Anand Sudhan, Asst., Professor, Civil Department delivering the welcome address to the workshop participant, Chief Guest, Students and faculty. He shares about why this workshop and it's important. Everyday technology boomed that's why we need to update the knowledge. So that this type of program was organized in our esteemed organization. I hope this program to create a new idea and relationship between various college students. Once again I warm welcome to everyone. All the best for students.

The organizing chair committee Dr.S.Chithra, Principal, PMC Tech, she delivering the facilitation address as follows, "The function of education is to teach, one to think creatively and to think critically, intelligence plus character that is the goal of true education" Education functions as an instrument which is used to facilitate integration of the younger generation into the logic of the present system and to bring many extra ordinary things to occur innovatively which is beneficial to the human society. This Workshop will help our students to know about Innovative reinforcement Detailing . This will be very much useful to the students after completing their degree. All the best.

8 What did you find most useful in the Workshop?

In this workshop was very useful for Reinforcement Detailing.

9 What did you find least useful in the Workshop?

we can improve our next level ideas for useful way.

10 Suggestion for improvements.

The more practical session is needed for next workshop.

Participants : **IV Year ECE Students**

Venue : **PMC TECH Auditorium & DSP laboratory**

Faculty coordinator /Desig. : **Mr.P.Mani / AP, ECE**

**Summary**

The four days "Workshop on Design of Embedded and Arduinio using IOT in Industries" was conducted from 23.08.2016 to 26.08.2016 (9 am to 4.30 pm). The workshop is about Design of Embedded and Arduinio using IOT in Industries. Students of ECE IV year participated in this program. Dr.S.CHITRA the principal along with staff members of ECE Department were present for the inaugural function. We are invited resource person Mr.M.E Rajamanikam, Bits 'N' Watts Embedded Solutions Chennai. The students learned and interact with the resource person. This workshop is very useful to develop student's programming skill.

Summarized Report

Programme Name/Title : WORKSHOP ON PYTHON AND DJANGO - AN INDUSTRY EDGE

Date /No. of Days : 19.08.2016 & 20.08.2016 /02

Guest Name and Address : Dr. M. Munisamy,  
Sr. Software Engineer,  
Adobe Systems,  
Bangalore

Participants : II & III year MCA Students

Venue : CSE Laboratory

Faculty coordinator /Desig. : Mrs. Dukhitha, AP/MCA

Summary

The Department of Master of Applications (MCA) of Er. Perumal Manimekalai College of Engineering, organized two day workshop on Python & Django - An Industry Edge(19.08.2016 & 20.08.2016) in CSE Laboratory for II & III year MCA students. Dr. M. Munisamy, Sr. Software Engineer, Adobe Systems, Bangalore.

- Students feel that the workshop is very useful for them
- Resource person is very supportive and knowledge sharer
- Workshop supports them to write their own coding
- Got idea about how Python and Django supports for web programming
- Learned the difference between Java and, Python and Django
- Need more workshop from the same resource person
- This workshop will support for their project work
- Overall all feedback of the workshop is excellent
- Knowledge shared by the resource person is excellent
- Faculty provided for support of the students to learn the new concepts and clearing their doubts was also good.

**Summary**

The four days workshop on "Workshop on Industrial PCB Designing and Fabrication" was conducted from 27.07.2016 to 30.07.2016 (9 am to 4.30 pm). The workshop is about PCB Designing and Fabrication based on Industry. Students of EEE II year participated in this program. Dr.S.CHITRA the principal, Mrs.G.Shasikala, Assistant professor of EEE also II Year EEE students with staff members was present for the inaugural function. We are invited resource person Mr.E.Rajasekar, Project Manager, Rana Power Solutions, Bangalore. The students learned and interact with the Resource person. This workshop is very useful to develop student's programming skill.

**Summary**

The Department of Master of Applications (MCA) of Er. Perumal Manimekalai College of Engineering, organized one day workshop on Industry Ready Hands on J2EE (14.07.2016) in CSE Laboratory for III year MCA students. Mr. K. Bharathiram, Software Engineer, Xoriant Solutions pvt Ltd., Bangalore. He handled the workshop in two sessions. The session covered the following topics:

**Java Programming**

- a. Introduction to Java
- b. Introduction to Class and Object
- c. Structure of a java class
- d. Introduction to Methods with arguments and return values
- e. Introduction to Constructors
- f. Introduction to Exception Handling

He also gave hands on training to the students. He elaborated the concepts with real time examples. The session was very interesting and provided a valuable exposure & knowledge to students. Questionaries' session are held to clarify the student's doubts.

Faculty coordinator /Desig. : Mrs. Dukhitha, AP/MCA

Summary

The Department of Master of Applications (MCA) of Er. Perumal Manimekalai College of Engineering, organized two day workshop on Industrial Need in SCALA Programming (07.03.2016) in CSE Laboratory for II year MCA students.

- Students feel that the workshop is very helpful for their carrier
- Students thanked the management, principal and faculty for arranging the new technique
- Resource person is very supportive and shared his knowledge in an easy methodology
- Installation and working procedure thought makes easy to learn
- Overall all feedback of the workshop is excellent
- Outcome of the workshop is students started writing their own programming.
- Faculty provided for support of the students to learn the new concepts and clearing their doubts was also good.
- Need workshop with at least two days to learn new concepts with all topics
