Report on Induction Program 06.09.18 -12.09.18

Induction Program on Basics Engineering, Human values, Goal setting, quantitative ability management games, Meditation, Awareness on NSS,NCC and related subjects were provided for the First Year B.E/ B.Tech (Batch 2018 – 2019) to mend the gap between schooling to College Education from 06.09.18 -12.09.18 in our campus.

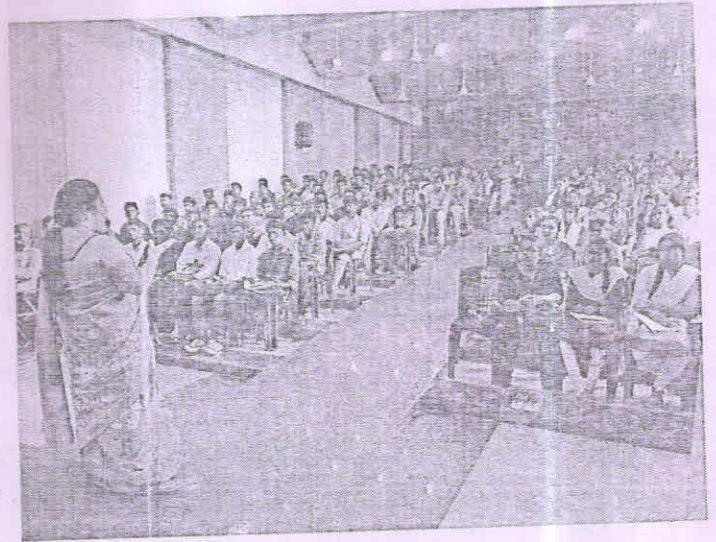

Various shortcut methods, fundamentals of all the subjects taught to the students to get familiarized with engineering course. In addition to that human values and goal setting were given to the students to know their values as a Professionals. Faculty from internal and external taught them in an effective manner. Students were enthusiastically learned new concepts. About 330 Students gained confident from the Bridge course. Faculty members of science and Humanities gave their fullest cooperation to the success of the Induction Program.

• First day of the induction programme
 we have learnt some maths and English
 knowledge and how to be bold. Then drawing,
 great people's speech to motivate us and to
 develops a skill and talent and knowledge
 which make us great. And we want to
 take any action ^{where} _{what} we make mistake.
 This induction programme is really motivatable
 for us and more usable but we have
 followed in that 10-20% only. This makes
 us happy? Then at last day of induction
 programme they thought us dance and games which
 make us free from all stress in our mind.

HOSUR

It was quite usefully

Actually it was useful in many ways

we learned lot of things on those days.

we could speak in two point.

- * Dancing
- * playing
- * we could learn some good discipline on
- * those days to use full in college
- * Betuffball in the college of engineering
- * Speech English
- * It was use fully
- * It was good.

Feedback

My name is S. Subash. I am studying B.E (AERO) I year. I have joined the ^{Perumal Manimekalai} college in September. My first day college life very impressed me. The first programme is Basic Physics. It is so useful to me. Next Afternoon is Basic English. I don't know speak in English, because I am studied in Tamil medium. The Colonel Sir's speech is very impressed me. Now I tried to speak in English to others. Next day we attend Dance session. We enjoyed that session. We attend many life importance sessions. All sessions are so useful to me and my life. So, I will studied well in 4 years and complete my degree in without any delay. So, These session is one of the part of my studies improvement.

Report on Bridge Course 28.08.17 -31.08.17

Bridge course on Vedic Mathematics, Basics Engineering and related subjects were provided for the First Year B.E/ B.Tech (2017 – 2018) from 28.8.17 to 31.8.17 in our campus. Various shortcut methods , fundamentals of all the subjects taught to the students to get familiarized with engineering course. Faculty from internal and external taught them in an effective manner. Students were enthusiastically learned new concepts. About 410 Students gained confident from the Bridge course. Faculty members of science and Humanities gave their fullest cooperation to the success of the Bridge course.

I learned what is engineering
 and what we can do. I
 learned about various ideas and
 thoughts who came and thought
 for us. we had meditation
 class. it made us to relax
 and feel as happy. After the
 mediation we can listen the
 class full of attention. It is
 very useful to us. we had
 our department class it is
 very useful to us. we had
 wonderful experience. Their
 thoughts and ideas when
 they say it really think
 that we can also do all
 things. Their motivation is
 too good. we learned
 the story of friendship.
 It is very nice. we
 learned very easy ^{method} of maths.
 four day of the class
 was too good. we had a
 Great experience.

DEPARTMENT :- ECE Ist year

I learned a lot from this Bridge Course, my first class was Vedic maths I learned the importance and various methods of doing maths and not to think that maths is difficult. My second class was Vedic science this helped me to understand about science more.

Next was about my department ECE. I love a lot and learned a lot about Engineering and what are all the benefits.

I opposed my parents and joined this Engineering dept. I was really very much scared and also I lost my confidence But after that attending this classes, I got back my confidence. Thanks a lot.

Feed back about Bridge Courses

Bridge Courses were good enough to encourage us about our studies, but I felt bored coz their conversation was about 3 hours, that they don't even respect our lunch timings. I felt uncomfortable sitting for long time inside. And they have encouraged us for solo performing and etc they have did it well but they don't keep their timings.

That class is very bad. I cannot understand anything about class. They teach so only they never ask. simply said understand ok I teach you next.

→ Tuesday Program.

I love that programme. because that old man motivative speech and inspired me. so I love that program.

→ wednesday Program.

I like that physics, chemistry class. But maths class simply stri said are you understand. That only small feel madam teach like that. S.

FEEDBACK ON

BRIDGE COURSE

The beginning of bridge course was so beautiful and amazing experience. But only three hours is the capacity for me to listen one ~~th~~ topic. More than one hour will make me boaring. The last bridge course (30.08.17) was held for the whole day. In that day I felt boaring

iv. Any other information to be reported : -

The Bridge course was initiated by Science and Humanities Department Faculty for the First Year B.E/ B.Tech (2016 – 2017) on 11.08.2016 and The program scheduled for 10 days from 01.8.16 to 10.8.16 in our campus.

The day began with the new students having a chance to build their network by greeting and meeting each other before the beginning of the bridge course program. The session continued with an introduction and purpose of the “Bridge Course” given by the HOD of S & H ,

All the students in Bridge course were instructed to fill their strength and weakness in the worksheet without any bias in any subject ; so that they can be aware of their weaknesses and with the help of this bridge course they will be able to overcome their weaknesses and work based on their strengths.

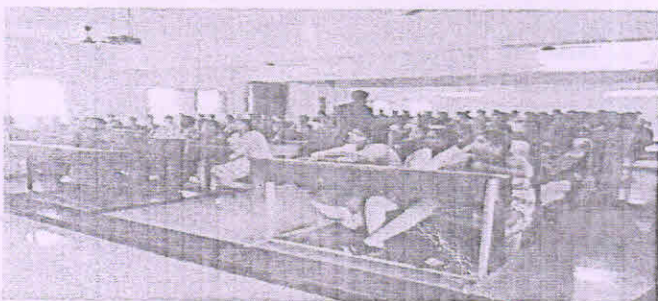

Department HODs briefing about the respective core areas . Internal Faculty members interacted with the new entrants and brief the learners with their expertise in various fields for learning engineering.

Subjects of Mathematics, Computer, English, Physics and Chemistry Were revised and there was an introduction of EG and Aptitude, to the new comers . Quiz, Games were conducted to the students to kindled their creative skills. Students enthusiastically learned new concepts and adapted the new environment . About 350 Students gained confident from the Bridge course.

Faculty members of science and Humanities gave their fullest cooperation to the success of the Bridge course.

The Bridge course was initiated by Science and Humanities Department Faculty for the First Year B.E/ B.Tech (2016 – 2017) on 11.08.2016 and The program scheduled for 10 days from 01.8.16 to 10.8.16 in our campus.

The day began with the new students having a chance to build their network by greeting and meeting each other before the beginning of the bridge course program. The session continued with an introduction and purpose of the “Bridge Course” given by the HOD of S & H ,

All the students in Bridge course were instructed to fill their strength and weakness in the worksheet without any bias in any subject ; so that they can be aware of their weaknesses and with the help of this bridge course they will be able to overcome their weaknesses and work based on their strengths.

Department HODs briefing about the respective core areas . Internal Faculty members interacted with the new entrants and brief the learners with their expertise in various fields for learning engineering. Subjects of Mathematics, Computer, English, Physics and Chemistry Were revised and there was an introduction of EG and Aptitude, to the new comers . Quiz, Games were conducted to the students to kindled their creative skills. Students enthusiastically learned new concepts and adapted the new environment . About 350 Students gained confident from the Bridge course.

Faculty members of science and Humanities gave their fullest cooperation to the success of the Bridge course.

HOSUR

The Bridge course was initiated by Science and Humanities Department Faculty for the First Year B.E/ B.Tech (2015 – 2016) on 03.08.15 and The program scheduled for 10 days from 03.8.15 to 13.8.15 in our campus.

Induction program was aimed to enhance students' familiarity with the faculty, PMC TECH Campus and showcasing the various students' activities.

Department HODs briefing about the respective core areas . Internal Faculty members interacted with the new entrants and brief the learners with their expertise in various fields for learning engineering. Subjects of Mathematics, Computer Science , Communication Skills , Physics and Chemistry Were revised and there was an introduction of EG and Aptitude to the new comers . Quiz, Games were conducted to the students to kindled their creative skills. Students enthusiastically learned new concepts and adapted the new environment . About 395 Students gained confident from the Bridge course.

Faculty members of science and Humanities gave their fullest cooperation to the success of the Bridge course.

Report on Induction Program 08.08.2014 -14.08.2014

15.08.2014
HOSUR

The Bridge course was initiated by Science and Humanities Department Faculty for the First Year B.E/ B.Tech (2014 – 2015) on 16.08.19 and The program scheduled for 6 days from 08.8.14 to 14.8.14 in our campus.

Induction program was aimed to enhance students' familiarity with the faculty, PMC TECH Campus and showcasing the various students' activities.

Department HODs briefing about the respective core areas . Internal Faculty members interacted with the new entrants and brief the learners with their expertise in various fields for learning engineering. Subjects of Mathematics, Computer, English, Physics and Chemistry Were revised and there was an introduction of EC and Aptitude, to the new comers . Quiz, Games were conducted to the students to kindled their creative skills. Students enthusiastically learned new concepts and adapted the new environment . About 352 Students gained confident from the Bridge course.

Faculty members of science and Humanities gave their fullest cooperation to the success of the Bridge course.
